2026 USA
WINTER - SPRING

The fragrance that captures the energy of the sea

Inis at Maresias, São Paulo, Brazil.

Inis the Energy of the Sea

A sparkling, clean unisex fragrance, Inis instantly refreshes and makes you feel close to the sea - no matter where you are.

A boutique brand favourite around the world, the light and invigorating scent of Inis has an extraordinarily wide appeal to all ages, and to both women and men.

Inis is the Irish word for island, and the fragrance was inspired by the beauty and energy of the wild Atlantic coast of Ireland. The cold, pristine waters of the Atlantic Ocean are the source of the nutrient-rich seaweed found in all of our body care products.

The signature scent of Fragrances of Ireland

We are a family owned boutique perfumery, and Inis the Energy of the Sea is our signature collection. Independent and passionate, we operate from a converted farmhouse in County Wicklow. For over forty years, we have been creating perfumes and personal care products inspired by the beauty, nature and magic of Ireland.

We believe in small business

As a small, entrepreneurial company ourselves, we are devoted to the independent market. In support of local business, it is our privilege to partner with unique shops and boutiques in many countries around the world.

Our commitment to dolphins and whales

The ocean is a place of wonder and magic, its energy is the inspiration for Inis the Energy of the Sea.

For over twenty five years, it has been our honour to be the core funder of the Irish Whale and Dolphin Group - dedicated to the protection, conservation and better understanding of dolphins and whales in Irish waters and around the world.

Their work helps ensure that the seas of the world will continue to be a source of delight and joy for generations to come.

Our Ingredients

We strive for quality and integrity in the selection of every ingredient in our products. All our body care products are formulated with nutrient rich seaweed extracts and sea minerals that can help soothe, hydrate and rejuvenate the skin.

Here are some of the nourishing ingredients you will find our body care products:

Seaweed & Sea Minerals

Promotes hydration, soothes and protects

Shea Butter

Deeply nourishes, moisturises and softens

Coconut Oil

Supports a healthy skin barrier and locks in moisture

Argan Oil

Helps improve elasticity with anti-aging effects

Aloe Vera

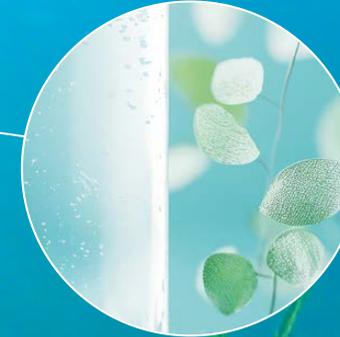

Hydrates and replenishes with soothing effects

Vitamin E

Softens and helps protect against UV damage

Glycerine

Hydrates, protects, softens and smooths

Jojoba Oil

Moisturises and smooths with antioxidant effects

Real Reviews

Devoted users around the world tell us that the scent of Inis makes them feel close to the sea - no matter where they are.

Plus, they love our nutrient rich body care ♥

Here's what some of them have to say:

Fresh, clean, invigorating...

My favourite, so fresh, clean, invigorating and long lasting!

Uplift throughout the day...

I keep the Roll-On in my handbag for an uplift throughout the day!

Absolutely brilliant...

Absolutely brilliant, the best Hand Cream I have ever used. Leaves hands really soft and the smell is very refreshing. It lifts my mood and takes me back to the sea.

It makes you so happy...

I was instantly attracted to the scent at a local boutique. I kept coming back to the same location in the store just to smell the perfume. It makes you so happy.

I wouldn't be without it...

This is the best Fragrance Diffuser I have ever found and now I wouldn't be without it. Clean, fresh, and uplifting.

I'm so glad I found Inis!

What an amazing fragrance. Clean, beautiful tones and the Body Butter is like velvet. I'm so glad I found Inis!

Inis captures the feeling of a perfect sunny day by the sea

Clean, light, yet lasting fragrance - energising top notes of lemon and marine bring a fresh feeling like sunshine on your face, heart notes of lily of the valley are like a soft summer breeze on your body, while base notes of sandalwood and clove give an earthy warmth like sand between your toes.

Our signature frosted bottle allows the purity of the liquid to shine through, and the cap is reminiscent of glass pebbles you might find on a beach.
